The Sanitized® hygiene function ensures
constant deep-down cleanliness & comfort

Sanitized® fulfills customer needs and provides strong and broad effectiveness.

A desire for hygiene is growing in our society. Those who offer products which take this central need into account have a significant advantage. The integration of our unique Sanitized® hygiene function provides the decisive difference and a clear advantage in the marketplace.

Sanitized® is the solution.

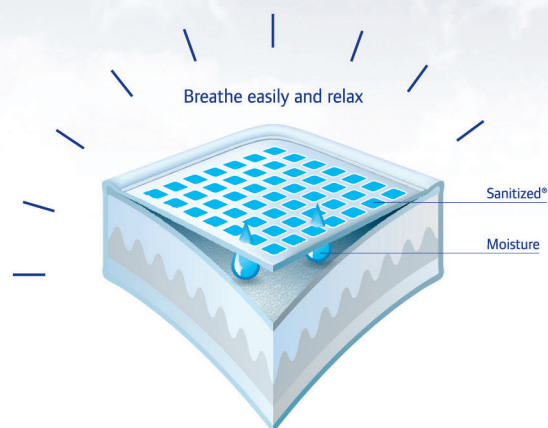

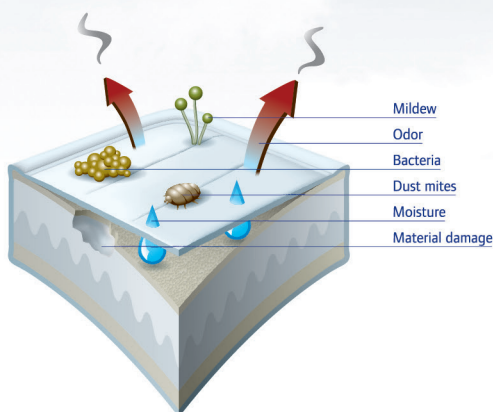

- › More comfort and freshness in your home.
- › Permanently integrated in fibers and plastics.
- › Durable, sustainable effectiveness.

A plus for your products.

- › Mattresses, bed linens, upholstery and carpets are free of unwelcome guests.
- › Various types of household utensils and flooring are protected
- › Reduces allergens.

Safe for man and environment.

- › It is skin compatible and recommended for allergy sufferers.
- › **"Allergy UK", "OEKO-TEX Standard 100", "bluesign®", and "Responsible care" approved.**
- › Peace of mind and trust among consumers.
- › The Quality Seal for a responsible approach to safety and the environment.

Sanitized® creates a reassuring feeling of lasting freshness in the home.

The Sanitized® Quality Seal makes outstanding products even more attractive. The integrated Sanitized® hygiene function provides greater well-being and satisfies your need for cleanliness. Ever more manufacturers place their trust in our innovative Swiss technology.

Mattresses.

Sanitized® supports hygiene, prevents material damage, and protects mattress covers and foams against dust mites and bacteria. Rest assured with Sanitized®.

Bedding.

Breathe easily and relax. Sanitized® hygiene function ensures long-lasting comfort by hindering the reproduction of dust mites and their allergens.

Upholstery.

Greater comfort and peace of mind through permanent Sanitized® protection in furniture. It is dermatologically tested and prevents mildew stains.

Flooring.

Sanitized® durably protects flooring from mildew, bacteria, and fungi. Functional effectiveness is retained while impeding the risk of allergies.

Household utensils.

Sanitized® hygiene function keeps away unpleasant odors for more well-being while minimizing discoloration and bacteria growth on everyday items.

Carpeting.

Sanitized® ensures cleanliness in carpeting inhibiting mildew and bacteria growth, which can help prevent asthma and allergies while reducing odors.

Strong Partners

Fulfill the growing consumer demand for transparency along the entire production chain whilst securing a competitive advantage in the marketplace.

SANITIZED 360° Service Package

We offer you one-of-a-kind support along your path to success. SANITIZED unites Swiss antimicrobial solutions with expertise in technology, consulting, and marketing.

The Licensing Process

Over 400 Sanitized® license partners and renowned brands worldwide already use the Sanitized® Ingredient Brand. The process includes the following steps: defining your needs and objectives, licensing agreement, co-branding support, and annual quality controls. Ask us for more information.

the.house
