Work

The Sanitized® hygiene function ensures constant
wearing comfort & advanced performance

Sanitized® benefits cover everyone's needs.

Employees wearing comfortable uniforms, business apparel, or protective wear perform better. The integrated Sanitized® hygiene function offers around-the-clock freshness and protection even during intensive indoor or outdoor use, which is a benefit for you as well as for your coworkers.

Make the right choice with a Sanitized® hygiene function.

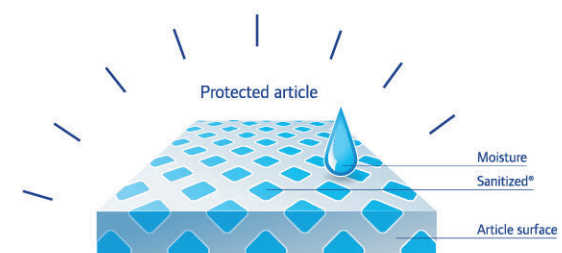

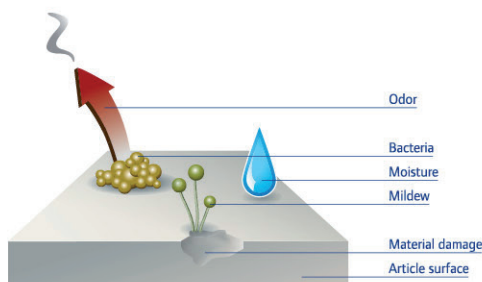

- › Gives your customers and employees peace of mind.
- › Sustainable effect with lower water, energy, and detergent consumption.
- › Enhanced performance and functionality.
- › Added value and a real competitive advantage.

Work materials with Sanitized®: a plus for everyone.

- › Improved article durability.
- › All-day freshness and protection.
- › Pleasant working environment and better hygiene.
- › Feel protected during indoor and outdoor activities.

Sanitized® is safe for man and environment.

- › Gentle to the skin and dermatologically tested.
- › «Allergy UK», «OEKO-TEX Standard 100», «bluesign®» and «Responsible Care» approved.
- › Saves energy and water during the entire life cycle of the article.

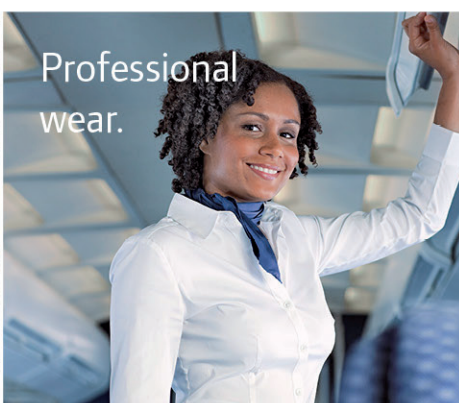

Sanitized® works wherever your job takes you.

Take care of business in all conditions feeling secure and comfortable. Whatever your responsibilities include, Sanitized® treated materials provide around-the-clock freshness as well as optimal protection from bacterial odors, mildew, and troublesome vectors.

Safety gear.

Improve job safety and wearing comfort with Sanitized® treatment for your equipment. Effective against bacterial odors, mildew, and vectors.

Professional wear.

The service, food, chemical, and medical industries demand best hygiene. Sanitized® supports these requirements, improving work surroundings.

Construction.

Tough workdays call for Sanitized®. Materials are durably protected, increasing useful life, performance, and functionality for optimal freshness.

Uniforms.

Count on Sanitized®. In every situation, treated materials offer peace of mind, comfort, lasting functionality, odor-resistance plus vector protection.

Office equipment.

@work for you! Sanitized® reliably and permanently equips surfaces and office devices against bacterial odor and fungal growth for improved cleanliness.

Protective wear.

Stay fresh and secure all day with Sanitized® odor-resistant protective treatment for improved wearing comfort and reduced mildew growth.

Strong Partners

Fulfill the growing consumer demand for transparency along the entire production chain whilst securing a competitive advantage in the marketplace.
